WOMAN DECLARES BREWERS CONTROL AFFAIRS IN CAPITAL

"Georgia Cyclone" Points Out Fifty-seven Saloons Parade Will Pass.

That the administration of affairs t the District of Columbia is dominated by the brewers of Milwaukee and that Washington, instead of being an example for every city in the country, is haven for brewers, are the charges brought against the present adminis tration by Mrs. Mary Harris Armor who conducted a mass meeting in the New National Theater yesterday afternoon. Mrs. Armor, who is called "The Georgia Cyclone," is making a campaign in favor of the Kenyon "red light" bill and the Jones-Works excise

Long before the time scheduled for filled and enough people were on Pennsylvania avenue to form an overflow dria county. meeting. The greater number of the audience were men, which fact Mrs. Armor commented on, saying that it in the case. her to see those who might do good to the bill showing interest in its

Mrs. Armor stated that those who were opposed to the bills were causing it to be delayed because they knew there was a sentiment in favor of the measures and the opponents were affaid to let the matter come to a point. As it was, she deciated, the inaugural parade will have to pass by iffty-seven salons on its lipe of march, every one of which will be crowded with men degrading the insolves with whisky.

Resolutions Adopted. After Mrs Armor's address, resolu tions were adopted calling attention of the members of Congress to the conditions in regard to the liquor traffic of Washington, and the fact that the Sen ate adopted the Jones-Works bill almos

The members of the House were advised that the bill had falled of conderation by that body because the nittee on the District, to which i had been referred, had failed of a quorum since the bill was placed in its

Care.

Therefore, it was resolved that the Committee on the District be discharged from further consideration of the bill and that the Committee on Rules should at the earliest possible moment report a rule authorizing its consideration by the electron that the session of Congress. A committee of ten men and ten women was appointed to appear before the Committee on Riues to make further efforts looking toward the passage of the bill.

Buried Opportunities.

That not one family in 10,000 trains its children properly was contended by the Rev. J. W. Frizzell in the Ingram Memorial Church last night. Dr. Frizzell stated that when parents turned their children over to the State for training, and were content to allow the

training, and were content to allow the State to assume complete charge they may expect trouble.

"The child ought to be trained by 'ts parents for the work it is expected to do in this world," said the minister. "We should see that the child is trained for parenthood, and for the things to which nature calls them."

"The Coming of the King" was the subject discussed by Evangelist F. F. Cook, of Detroit, before the Washington Temple Congregation yesterday, in which he declared that Palestine, the scene of the first coming of the Messiah, was regaining the fertility of the time of Christ. The world, said the evangelist, has never seen a time of greater political unrest, and indications were that great reforms were nearer than ever before.

were that great reforms were nearer than ever before.

The evangelist stated that there was no indication to show when the Messiah would return to the earth save the prophecies of the Bible, and that the one thing for Christians to do is to so live that they will always be ready for Hhis return.
